

Artwork Requirements

Artwork requirements:

When ordering your signage, please supply us your artwork in the following formats: Adobe PDF Document, Adobe Photoshop PSD, Adobe Freehand, Illustrator, Corel Draw, TIFF
If you are supplying JPEG images, please supply these in the highest possible resolution.

Please do not supply any MS Office Files (Word, Excel, Powerpoint) or Quark Express files.

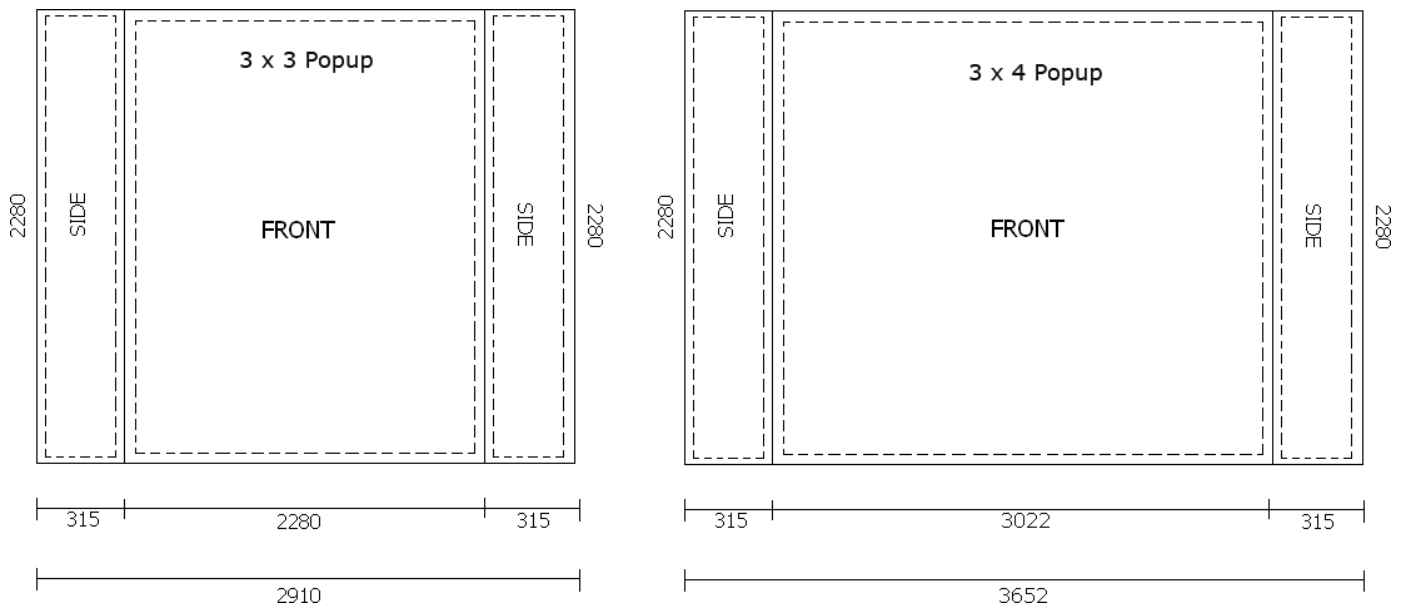

Additionally: Please supply all artwork in CMYK format. Please supply all fonts used or convert fonts to curves/paths.

All images need to be supplied full size and at a resolution of 300dpi.

Please contact us at info@warpfive.eu should you have any queries with the artwork requirements or should you require any assistance with setting up your artwork.

Please note all major artwork changes may be subject to a fee for studio time.

Print Sizes:

NB! NB! : When creating your artwork, please bleed your artwork at least 20mm larger than the print size above.
